## Education

<b>Vishwakarma Institute of Technology [CGPA:8.4/10]</b>	01/2021 – 06/2024
Bachelor of Engineering in Electronics and Telecommunication (Now Attending)	
<b>Yashoda Public Higher Secondary School [Percentage: 77.89]</b>	08/2017 – 02/2019
HSC Board	
<b>Sanskar Dnyanpeeth [Percentage: 90.40]</b>	06/2016 – 03/2017
SSC Board	

## Skills

<b>Programming Languages:</b>	Java, C++,
<b>Web Technologies:</b>	HTML5, CSS, JavaScript, React.js, Redux
<b>Databases:</b>	MySQL
<b>Tools:</b>	GitHub, Jira, Slack
<b>Relevant Coursework:</b>	Linux, Data Structures and Algorithms, Operating Systems, Computer Network

## PROJECTS

### Blink-Budget [ Java, Servlet, JSP, Hibernate, HTML, CSS, Bootstrap] [GITHUB REPO](#)

- Implemented 5+ features enhancing application interaction, including **authentication** and user verification.
- Spearheaded the implementation of an interactive and responsive user interface using **Bootstrap** optimized user experience resulting in a 40% increase in user engagement.
- Improve the Expense tracking. It is 80%-90% more efficient than normal tracking.

### Crave Cart [ HTML, Tailwind, JavaScript, React.js, Redux] [Website Link](#)

- Seamlessly integrates React lazy loading, Redux, Hooks, and custom hooks for enhanced functionality.
- Implements data-driven UI design, maximizing user engagement and satisfaction.
- Ensures robustness and reliability through rigorous testing protocols.
- Introduces a streamlined cart feature, optimizing the ordering process for unparalleled user convenience.

### News-Nest [ HTML, CSS, JavaScript, React.js] [GITHUB REPO](#)

- Engineered a revolutionary news app, seamlessly integrating a state-of-the-art news API to curate and deliver highly relevant news content to a targeted user base of over 1000+ individuals.
- Integrated 5+ different categories of news for targeted News user experience.
- 7+ features which enhance the new search experience by 50%.

## Achievements

- **Coding Profiles:** [Leetcode](#) [GeeksforGeeks](#)
- Solved **200+** problems on different coding platforms on different **Data Structures and Algorithms**.
- **Hackathons**
- Compete among 150+ teams and Secured **Rank 1** in National Level Hackathon.
- Achieved prestigious **Rank 1** among 70+ teams in college Level Hackathon.
- Secured **Rank 4** from 100+ teams in regional Level Hackathon organized by AISSMS college Pune.

## Position Of Responsibility

- Led the manufacturing operations at Griffin Aeromodelling Club, overseeing a team of 8 members and ensuring timely production of high-quality aircraft models.
- Electronics Head at **Trident Labs (Technical Club)**
